PRICE \$1.00 PER ANNUM.

## ENROUTE TO RUSSIA; POSSIBLE VICTIM OF SUB

**Fear That Lord Kitchener was Victim of Submarine or Mine is Well Established. War Council Called. Fighting on the Muse River German Attacks are Repulsed by French.**

(By Associated Press)  
London, June 6.—(Press Bulletin.) Lord Earl Kitchener, the British minister of war, and his staff, were on board the British cruiser Hampshire, which struck a mine or was torpedoed off the West Orkneys and sunk, according to a statement of Admiral Jellicoe to the admiralty. It is feared all on board the ship were lost.

### LATER ADVICES.

(By Associated Press)  
London, June 6.—Four boats were seen to leave the Hampshire, but a heavy sea running is reported to have capsized the boats and some bodies have been found. Lord Kitchener was en route to Russia. Admiral Jellicoe reports that there is little hope of any being saved. No intimation had been published that Kitchener intended to leave England.

### British War Council Called.

(By Associated Press)  
London, June 6.—Accompanying Lord Kitchener and his staff were Hugh James Obeirne, former counselor of the British embassy at Petrograd; O. A. Fitzgerald, Kitchener's private military secretary; General Ellersham and Sir Frederick Donaldson.

## THE STATE PRESS IN SESSION EL PASO

Editors From Every Phase of Newspaper Life Are in Attendance.

(From Tuesday's Daily)  
El Paso, Texas, June 6.—The thirty-seventh annual meeting of the Texas Press Association opened here today for a three-day session, with a large number of editors of the State attending, in spite of the long distance traveled to reach the meeting place.

El Paso has made lavish preparations for the entertainment of visiting newspaper men, having promised an exceedingly interesting time, accentuated by the fact that El Paso now the center of Mexican border activity, with its attendant thrills. Discussion of all phases of the newspaper profession, from the country out shop to the publishing of a large metropolitan daily, were to be discussed at length, with interesting addresses by active newspaper workers.

Among the addresses to be delivered during the sessions are:

"Characteristics of the Texas Press," by Joe J. Taylor of the Dallas News.

"Legal Advertising Possibilities," by Earl W. Hodges of Texarkana, secretary of state for Arkansas.

## HINDERBURGH LOST SAYS SURVIVORS

Survivors of British Destroyers Claim That Prize of German Navy Was Sunk.

(By Associated Press.)  
(From Monday's Daily)

Edinburgh, June 5.—Survivors arriving here today from the British destroyers engaged in the Jutland battle are convinced they sank the German dreadnought Hinderburgh, the pride of the German navy. They say the Hinderburgh was struck successfully by four torpedoes.

## MURDERERS TO BE PLACED ON TRIAL

Slayers of Sheriff Jake Giles of Beaumont to Be Placed on Trial Today.

(From Monday's Daily)

Muskogee, Okla., June 5.—Paul and Ida Hadley, of Beaumont, Texas, and Kansas City, Mo., charged jointly with the murder of Sheriff Jake Giles of Beaumont, Texas, early one morning on a Missouri, Kansas & Texas passenger train near here several months ago, were to be placed on trial here today. Insanity pleas, it is understood, were to be offered in defense. The Texas Sheriffs' Association, of which Giles was a member, has raised a fund for the prosecution of Hadley and his wife.

The killing of Sheriff Giles was one of the most daring events in Southern Oklahoma's later history. Giles was taking Hadley and his wife from Kansas City to Beaumont, where Hadley was to be tried on theft charges. Testimony at the examining trials for the killing showed one of the couple relieved Sheriff Giles of his six-shooter, shot and killed him, and then forced the conductor to stop the train while the pair got off. They were captured by officers the following day, near Muskogee.

## CARE BEING TAKEN IN CHOOSING MAN

Leaders of Republican Party at Chicago Want to Pick Man Who Can Win.

(From Tuesday's Daily)

(By Associated Press)  
Chicago, June 6.—The political leaders, who are looking for a man to reunite the republican party, are trying to determine today whether or not Justice Hughes has been strengthened or weakened by the temporary consecration of all forces on him with the purpose of eliminating Roosevelt. Conferences between the republican and progressive leaders continued last night and this morning, but without any announced result. The republican leaders are now watching to see what the progressives will do when the convention opens tomorrow. They expect tremendous Roosevelt demonstrations.

## WOMAN SUFFRAGE ITEM AT ST. LOUIS

Democratic Convention to Be Confronted With Question of National Interest.

(From Tuesday's Daily)

(By Associated Press)  
St. Louis, June 6.—Probably the finest drawn fight, according to visible signs today in the democratic national convention, will be over the question of national woman's suffrage. Political leaders said that no suffrage plank would be in the platform, although both sides would be given an equal opportunity to express themselves before the resolutions committee.

## HEAD OF CHINESE EMPIRE IS DEAD

(By Associated Press)

Shanghai, June 6.—President Yuan Shi Kai, of the Chinese Republic, died yesterday.

Yuan Shi Kai was reported seriously ill on May 28. Dispatches from China said that it was believed in Peking that he had been poisoned, but this was denied by the Chinese ambassador at Washington, who insisted that the president was not even ill. He died while the storm of the revolution against his reign was gathering in increasing strength.

Yuan Hung, vice president, succeeds Yuan Shi Kai. It is said Hung is favorable to the revolutionists.

## COMMERCIAL CLUB DIRECTORS MEET

Railroad Officials Are Guests and Matters of Vital Importance to Bryan Are Discussed.

(From Tuesday's Daily)

With President A. M. Waldrop presiding and John A. Moore, secretary pro tem at his desk, the regular weekly meeting of the directors of the Bryan and Brazos County Commercial Association was called to order this morning promptly at 10 o'clock.

The first matter of attention was a hearing of the officials of the H. & T. C. Railroad in behalf of the controversy that is now pending between the City Council and the H. & T. C. Railroad.

As representatives of the railroad, the following gentlemen were present: J. H. Tallachet, general attorney; George McCormick, assistant general manager; W. C. Costello, superintendent representing vice president and general manager; L. Emlich, secretary to vice president and general manager; W. S. Wilson, Sr., local agent of the H. & T. C. Railroad.

As counsel for the railroad, Mr. Tallachet outlined much of the previous correspondence between the officials of the road and the City Council of Bryan, explaining to considerable extent the proposition that had been made the city by the H. & T. C. Railroad, and the counter-proposition by the City Council. In his discussion, to the pleasure of those present, Mr. Tallachet stated that his road is now arranging for a daily passenger train service of the Bryan and Central Texas Interurban Railway, between Bryan and Giddings. This will give the citizenship of Bryan a direct outlet to all points west.

After Mr. Tallachet's remarks Judge Doremus replied in behalf of the City Council. The judge expressed the hope that the matter would be amicably adjusted and that a lawsuit would not be had and that the relation between the City of Bryan and the H. & T. C. Railroad would remain that of a pleasant mutual business relation. Mr. W. S. Wilson, Jr., who is a member of the City Council, expressed his views in regard to the controversy, not as a councilman but as a member of the Commercial Club and a citizen of Bryan. He assured the officials of the railroad that the Council wanted to do the right thing and hoped that the railroad would realize that Bryan is a growing city and that while the propositions of the road will be considered, yet the present and future interest of Bryan must not be overlooked.

Hon. W. C. Davis spoke in behalf of the city, explaining some of the contingencies that brought about the breach between the city and the railroad and outlining the importance of Bryan holding on to some of its valuable property which the railroad has been demanding of the City Council as an exchange for the privileges which the Council has been asking of the railroad.

An open discussion was invited and from same it would appear that there are differences of opinion, but all hoping that a fair and equitable adjustment would be had and a lawsuit avoided. Mr. Wipprecht, as manager of the Bryan Press Company, represented that firm, and explained how the interest of the institution should be taken care of in the changes and interchanges that are being proposed.

On motion, duly seconded, the president appointed the following committee: O. P. Hall, Ed Hall, L. L. McInnis, John M. Lawrence, E. J. Fountain, to act as an advisory committee and to meet with the City Council and the officials of the H. & T. C. Railroad in the council chamber of the City Hall this afternoon at 2 o'clock. On special motion Mr. A. M. Waldrop, as president of the club, was added to the committee.

As chairman of the highway committee of the club, Mr. O. S. Johnson recommended the following names to act with him in his committee work: M. B. Parker, W. J. Coulter, R. W. Howell, Dr. B. U. Sims.

As chairman of the entertainment committee, Mr. Ed Hall recommended the following names to act with him in his committee work: G. M.

## FRENCH HEAVY LOSERS IN VERDUN BATTLES

**Reported Attacks By Massed French Infantry Broken Down by Germans. Much Blood is Shed and Several Thousand Taken Prisoners. In Jutland Battle, Two German Ships Lost.**

(By Associated Press)

London, June 5.—With undiminished violence the Germans continued their attacks last night along the verdun front east of the Meuse. The French war office report says these attacks were unsuccessful.

Repeated attacks by massed French infantry against German positions on the Verdun front have broken down with heavy losses, a German official dispatch says today. According to a Petrograd official communication, the Russian forces have won great successes along the eastern front, from the Pripiet marshes to the Roumanian frontier. It is stated that the Russians took 13,000 prisoners.

Tipperary Sunk by German Sub.

(By Associated Press)  
Berlin, June 5.—The official statement issued by the German admiralty says "In the Jutland battle a German submarine off Humber sank a British destroyer, which, according to the survivors, was the Tipperary. The British armored cruiser Euryalus was set on fire during the battle and was completely burned out."

Officials Identify Ships Sunk.

(By Associated Press)  
London, June 5.—(Bulletin.)—The British officials of the fleet which participated in the Jutland battle and returned here, identified the two German ships sunk as the indenburgh and the Lutzow.

## BRANDEIS HAS BEEN ADMITTED

Louis D. Brandeis Was Today Admitted as Associate Justice of the Supreme Court.

(From Monday's Daily)

(By Associated Press)  
Washington, June 5.—Louis D. Brandeis, Boston attorney, was today admitted as associate justice of the Supreme Court of the United States. He is the sixty-second American citizen to have that distinction.

## STORM KILLS ONE SEVERAL INJURED

Northwest Texas Visited by Severe Wind and Rain Storm—Much Damage Reported.

(From Monday's Daily)

(By Associated Press)  
Wichita Falls, Texas, June 5.—One negro girl was killed and half a dozen others were injured at Haskell, near here, last night. Several thousand dollars worth of property was the damage done by a severe wind and rain storm which swept over the northwest part of Texas.

## RESOLUTION SIGNED BY THE PRESIDENT

Spain and Latin-American Countries to Be Invited to San Antonio in 1918.

(From Monday's Daily)

(By Associated Press)  
Washington, June 5.—President Wilson today signed the resolution passed by congress authorizing him to invite Spain and all the Latin-American countries to participate in the exposition in 1918 in the celebration of the two hundredth anniversary of the founding of San Antonio, Texas.

Brandon, T. B. Bryan, J. S. Doane, J. N. Dulaney, D. D. White, J. W. James. The chairmen of the other committees were not ready to make their recommendations for committeemen to work with them, and same was deferred until a later date.

On motion the club then adjourned to meet Wednesday morning, June 14, at 10 o'clock.

## MOVIE SCREENS PUT TO GOOD USE

Fire Insurance Commission to Use Theatres Over State to Show How to Prevent Fires.

(From Monday's Daily)

Austin, Texas, June 5.—Motion picture films dealing with fire prevention will be shown in practically every city and town in Texas, according to an announcement today by the State Fire Insurance Commission. The films will be accompanied by a representative of the National Fire Prevention Association, who will deliver lectures.

## GRIDIRON DINNER WAS POSTPONED

Account of the Illness of the Son of Judge Poindexter, Dinner is Postponed.

(From Monday's Daily)

(By Associated Press)  
Dallas, Texas, June 5.—The Gridiron dinner of the Dallas Newspaper Club has been indefinitely postponed on account of the illness of the son of National Committeeman-elect, Judge Poindexter.

## HEAVY RAIN FALLS IN THE PANHANDLE

Report From Amarillo Says That an Inch and a Half of Rain Fell This Morning.

(From Monday's Daily)

(By Associated Press)  
Dallas, Texas, June 5.—Heavy rains fell throughout Northern Oklahoma and the Texas Panhandle today, doing some damage to wires. Amarillo reported one and a half inches of rain to the weather bureau.

## JACKSON, MISS. IS STORM SWEEPED

Jackson, Miss., June 6.—Two white people and six negroes were killed and 50 other persons were injured, some seriously, by a tornado which swept through the western section of this city early today. Two hundred and fifty homes were damaged.

# THE BRYAN HIGH SCHOOL COMMENCEMENT OVER

Two Most Interesting Exercises Held at Colonial Theatre and Theatre Filled to Overflowing—Thirty-Two Members of Graduating Class.

The commencement exercises which were held this morning at the Colonial Theatre brought to a close the most successful term of the City High School since the establishment of this institution. There were thirty-two young women and young men who received their diplomas, which is the largest class that has ever gone out from this school. Superintendent W. C. Lawson, who made the graduation address to the class, spoke in the highest terms of the members and paid a high compliment to the work they have accomplished during the years in which they have been engaged in reaching the goal which is now theirs. The class is composed of young ladies who are of the highest type of womanhood and young men whose aspirations go far beyond that of the average boy.

The programs which were rendered by the class showed the very high class training that has been given to the students of the High School. Every number on the programs was a success within itself and demonstrated the careful training on the part of Prof. Lawson and his competent teaching force, as well as the

good hard study on the part of those rendering same.

With the high type of young women and young men that were turned out in this class, no fear need be entertained for the future development and future welfare of this city and this state.

The program last night, "Sans Souci," which was rendered by the senior class, was also a very delightful affair. With Robert Alexander Harris, president of the class, presiding, every number on the program was a success. Every young lady and young man taking part in same did credit to themselves as well as to the school.

The following is the class roll:

Oma Ora Conway, Ferné Dansby, Hettie Maude Edge, Ethel Lee Evans, Lillian Bess Hanneman, Edna Leta Harris, Velma Hensarling, Ardella Rebecca Jones, Frances Rose Mike, Myrtle Helen McCullough, Bernadine McKnight, Ruth Ponder, Floy Smith, Hernia Edelweiss Thomson, Sarah Edna Wickes, Amelia Wittman, Stella Edith Woodward, Gertrude Yeager, Florine Abtte, Andrew Leslie Ballard, Robert Lee Carson, Charles Mason

Cole, Jesse Marion Cook, George Alexander Davidson, John Charles Hyland, Robert Alexander Harris, Richard Henry Harrison, Aro Augustus Henderson, Tillman Marion Moore, Dean Jewell Osburn, Noah Louis McCullough, William Paschal Withers.

The programs arranged for the graduating class under direction of Superintendent Lawson, were not only of the very highest order from a literary standpoint, but were unique in the purpose for which they were designed. There being thirty-two members of the class, it was a physical impossibility for each member to be assigned a place on the program for an essay or oration. Hence the necessity arose for devising a program that would bring each member of the class prominently before the audience that none may be slighted and no feelings hurt. Superintendent Lawson, his faculty and the class members were, as they always are, equal to the occasion, and their success can be vouched for by all who were present at both occasions. Each graduate appeared before the audience, each did splendidly and the programs were so cleverly arranged that the graduates themselves, their parents and friends were all satisfied. To do this in a class the size of the present graduating class, is a work of art and shows executive ability of a high order.

The Eagle congratulates the young ladies and young gentlemen who are today leaving High School and are going out to the institutions of higher learning and into the broader activities of life. You have done a good work, you have laid a sure foundation. May all the promises the future holds out to you, find fruition in an abundant fulfillment.

The programs as rendered were as follows:

## HOTEL BRYAN ARRIVALS.

J. M. Iee, Dallas.  
S. B. DeBellum, New Orleans.  
Guy Robinson, Lancaster, Pa.  
M. H. Greenburg, Houston.  
R. B. Woffard, New Orleans.  
D. B. Henley, Kansas City.  
M. B. Peters, New York.  
G. W. Orman, Mineola.  
Wm. Ganzer, Denton.  
Geo. F. Ferrell, Memphis.  
Frank Grant, Houston.  
H. H. Bonner, Corsicana.  
W. A. Hedrick, Dallas.  
G. L. Dack, Shreveport.  
E. C. E. Reed, Kenton.  
M. F. Burkhalter, Dallas.  
E. J. Jennings, St. Louis.  
Jas. Randolph, Navasota.  
C. H. Pollard, Cameron.  
J. E. McMillan and family, Madill, Okla.  
F. F. McNaughton, New York.  
M. T. Garrett, College.  
Fuller Williamson, Waco.  
Chas. Hay, Dallas.  
W. J. Glenn, Houston.  
M. T. Parnell, San Antonio.  
G. W. Henson, New Orleans.  
D. T. Cason, Nacogdoches.  
D. T. Cason, Jr., Nacogdoches.  
J. C. Tracey, Orange.  
E. R. Brown, New Orleans.  
E. P. Young, Houston.  
Jas. Darwin, Austin.  
S. M. Gibson, Houston.  
J. L. Tinkershall, Waco.  
N. C. Heath, New York.  
E. L. Carson, Des Moines.  
G. L. Livingston and wife, Taylor.  
W. M. Gramer, Waco.  
E. Gentry, Mineola.  
J. A. OLeary, Dallas.

## U. D. C. MEETING.

The L. S. Ross chapter, U. D. C., will commemorate the birthday of Jefferson Davis, in the chapter room at Carnegie Hall, Saturday at 4 o'clock, June 3. The following excellent program will be rendered:

Roll Call—Incidents connected with the life of Davis.

Music (piano)—Miss Bernice Harris.

Paper—Jefferson Davis—Mrs. W. S. Wilson.

Music (voice)—Mrs. Roy Danforth. Reading—Dan's Natal Day—Mrs. W. G. Talliaferro.

Reminiscences of Davis—Gen. Stoddard.

Music (piano)—Miss Sara Williams.

Everybody cordially invited to attend.

## ALMOST EVERY BOY GOES OVER "FOOL'S HILL."

"You have heard it said that in every boy's life there is a 'fool's hill,'" says a writer in Farm and Fireside, "a time when the boy acts queer, says queer things, seems sad and silent and sulky. It is a hard time, this working one's way over 'Fool's Hill.' I know, because I have been over it. Perhaps you who read this may have escaped. Luckily for your whole future life if you did."

## THURSDAY NIGHT.

JUNE 1, 1916, 8:30 P. M.

Robert Alexander Harris, Presiding.

Latin Greeting..... Charlie Mason Cole

The Three Graces:

Gertrude Yeager: A Dream

Lillian Bess Hanneman: A Vision

Hettie Maude Edge: Magazine Musings

Why I "Ponder"..... Dean Jewell Osburn

Why I Like "Chicken"..... Floy Ellen Smith

Going Fishing..... Tilman Marion Moore

Why I want to be a "Lawyer"..... Jesse Marion Cook

Why I want to be a "Cook"..... Ardella Rebecca Jones

## GERMANY'S MEAT SUPPLY IS LOW

Government Prevents Slaughtering  
Until Animals Are Full Weight  
and Very Fat.

Berlin, June 3.—For the first time since the outbreak of the war meat is hard to obtain in the capital and larger cities of the German empire. "Meat lines" have grown as long as the "butter and milk lines."

Responsible for this condition are the heavy demands for meat by the army, an almost total cessation of imports and the government's new policy of discouraging the slaughtering of meat animals before fattening has given them their maximum butcher weight. Cattle owners also have shown a tendency to keep stock from the market because the maximum price arrangement has left them little profit.

On the necessity of feeding meat animals to the limit of meat and fat production the government and the owners of the stock are one. Both say that a check in butchering now will add in about three months from 20 to 25 per cent to the average meat supply. A fine stand of grass on meadow and pasture and the arrival of more Indian corn from Roumania are counted upon to produce this improvement.

## Much Pork Is In Sight.

Prospects for a good pork production are said to be excellent. Last fall the pork was poor in quality and quantity. In the winter of 1914-15 the government advised that all pigs in good condition be slaughtered and the meat preserved. This was done, but in many cases the meat was so poorly cured, owing to a lack of competent help, that it spoiled by the thousands of tons.

The question now is whether it will be possible to obtain the foodstuffs necessary to bring this year's hogs to a good weight. A good potato crop would greatly facilitate this, as also would more Indian corn from Roumania, which, it is believed, can be obtained.

An improvement in the pork situa-

tion would also ease the shortage on fat in the empire, which is felt almost more than the shortage of meat. The necessity for an ample supply of animal fat has never been felt so by the people as by the Germans at present.

There has been a slight improvement in the milk and butter situation, but it is considered out of the question that these articles again will be easily obtainable until several months after the war. Holland, Denmark and Switzerland can not hope to make good the excess demand which the war has placed upon the dairy industry of Germany.

## Eggs Are Plentiful.

Eggs have been rather plentiful this season. In many cases they have been the principal food item. Fish also is easily obtained, though a lack of fat has robbed many of the dishes prepared with them of much nutriment.

The one bright ray for Germany's cupboard is the fact that the 1916 grain prospects are exceedingly good. Rye and winter wheat are well advanced and the spring crops have been favored by timely rains and an early season. While little can be said on the potato crop outlook, there are those who say Germany never has two bad potato years in succession.

Crop conditions in Austria-Hungary and in occupied territories are also good, as an Associated Press correspondent has been able to ascertain personally.

With a fairly moist season in June and dry weather in July and August the central empires can count on the elimination of the bread problem, which, in turn, would lessen the demand for meat and fat.

## BRYAN BOY TO WED AT WACO.

Felix, the youngest son of Mr. and Mrs. F. E. Mistrot of this city, will be married tomorrow morning at Waco to Miss Grace Hill Robinson of that city. The wedding ceremony will be performed at the home of the bride's mother at 612 North Fourteenth Street.

Mr. Mistrot was born in this city and is well known here among all the younger set. He has a very respon-

sible position with the Magnolia Petroleum Company at Waco.

His mother, Mrs. F. E. Mistrot, and sister, Miss Cecile, left this afternoon over the H. & T. C. for Waco, and will attend the wedding.

## SENATE CONFIRMED BRANDIES 47 TO 22

Three Republicans Voted for Confirmation and Only One Democrat Against.

Washington, June 2.—Louis D. Brandeis' nomination to the Supreme Court, bitterly fought by republicans for five months, was confirmed late Thursday by the senate.

The vote was 47 to 22.

Three republicans who voted for Brandeis were Senators La Follette, Norris and Poindexter. Senator Newlands was the only democrat who voted against him. Senators Clapp and Grona, republicans, were paired in favor of confirmation.

## Take Oath June 12.

(By Associated Press.)

Washington, June 2.—Louis D. Brandeis, whose nomination for the Supreme Court bench was confirmed by the senate last night, will be sworn in probably on June 12. It was one of the bitterest fights in senate history.

## WILL GIVE PICNIC.

On Wednesday, June 7, the Knights of Columbus will give a basket picnic at Dellwood Park. Catholics of St. Josephs Parish and other friends are cordially invited to be present. There will be races of all descriptions and other forms of amusement. Come and enjoy the day with us. Committee.

## SODDING P. O. TERRACE.

(From Thursday's Daily)

A force of workmen has been at work now for the past few days sodding the lot around the new federal building. The work is about completed and each night the grass is soaked with water and it will only be a short time until the lawn there will be beautiful.

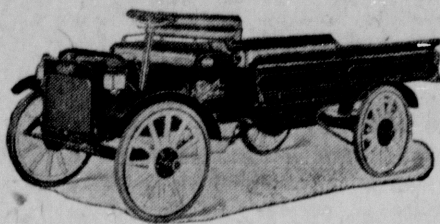

## THIS HANDY ONE-TON MOTOR TRUCK

DIRECT FROM MANUFACTURER TO USER

\$600

NET F. O. B. CINTI

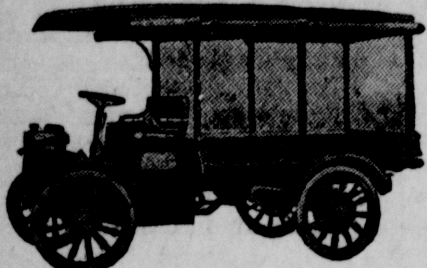

If three or more club together and order so all three trucks can be shipped in one car, will allow 5 percent discount on each truck. This will also make the freight less.

MODEL C—Express Body—\$600

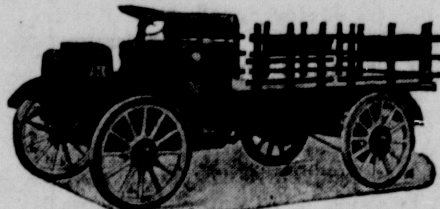

## CHEAPER THAN HORSES

Here is your opportunity to save money in hauling cost. This truck covers more miles of territory than you can cover with horses, hauls much bigger loads and does the work at a lower cost. If you have hauling to do you need a Motor Truck. No doubt about it. You are paying for a truck by your more expensive method of hauling whether you own one or not. Why not have the truck?

MODEL E—Canopy Top—\$650

MOTOR—25 horse power.  
WHEEL BASE—95 inches.  
WHEELS—36". (Tires, 3" solid.)  
DIMENSIONS—Length, back of seat, 7'7"; inside width, 3'10"  
PAINTING—Standard colors.

MODEL D—Stake Body—\$600

THE STEWART IRON WORKS CO.,

ADDRESS  
W. T. HUTCHESON, Sales Mgr., Truck Dept.

CINCINNATI, OHIO

## COTTON CROP CONDITION REPORT

Condition Was 77.5 on May 25, Which Is Slightly Behind Last Year.

(From Thursday's Daily)

(Correspondence of the Associated Press.)  
Washington, June 1.—The cotton crop of the United States showed a condition of 77.5 per cent of a normal on May 25, the Department of Agriculture announced today in its first condition report of the season, awaited with interest by cotton, textile and other interests. That condition compares with 80.0 on May 25 last year, 74.3 in 1914, 79.1 in 1913 and 79.8, the average of the last ten years on May 25.

Until the government's official report estimating the area planted to cotton this year is issued on July 1, no calculation will be made by the department experts as to the probable size of the crop. Unofficial estimates place the area planted at from 6 to 10 per cent more than last year, when the preliminary estimate made by the department in July was 31,535,000 acres. An increase of from 6 to 10 per cent in this area this year would place the acreage at from 33,417,000 to 34,688,500 acres.

Cotton planting was begun in the central and southern portions of the belt late in March and early in April, but some early planted failed to germinate in Texas because of dry weather. Planting in the extreme southern portions was completed early in April and was progressing satisfactorily in central districts. Heavy frost in Texas April 9 killed considerable cotton. In the low bottoms of the Mississippi the ground was too wet for planting early in April.

Planting begun in the more northern portions of the belt toward the middle of April and was growing favorably in the central districts, while in the southern parts it was reported to be coming to a good stand. Some replanting was necessary on account of frost damage through nearly all the central part of the belt. In Texas replanting was delayed by dry weather,

and there was a lack of rainfall in the eastern parts of the belt.

Weather was generally favorable for cotton work in the southeastern states late in April but it was much too cool for proper germination and plant growth, and in some sections it was also too dry. Cut worms were doing some damage in the lower Mississippi valley.

Early in May it was found that much cotton seed had failed to germinate well, and a generally poor stand was reported, because of cold and dry weather. Conditions were somewhat improved during the first week in May but replanting was delayed in the southeast because of lack of rainfall. Chopping was going on in most of the southern sections. Cut worm danger continued in parts of the lower Mississippi valley.

Toward the middle of May warmer weather prevailed in most of the cotton states and there was a decided improvement except where dry weather continued. Planting in the northern parts of the belt was finished toward the end of the month, but much replanting was necessary. Cultivation of the crop was going on vigorously in most sections.

Reports from the Department of Agriculture's correspondents and agents show the condition of the crop on May 25 as follows:

Virginia, 89; North Carolina, 76; South Carolina, 65; Georgia, 73; Florida, 82; Alabama, 76; Mississippi, 83; Louisiana, 82; Texas, 78; Arkansas, 87; Tennessee, 86; Missouri, 87; Oklahoma, 85; California, 97.

## DISPATCHER'S OFFICE MOVED.

(From Thursday's Daily)

The dispatcher's office of the I. & G. N. Railroad was this morning transferred from the station to the tower between the H. & T. C. and their tracks in the southern part of the city. This will put all train dispatching in this office at the tower and instead of employing seven men to do the work, it will only require three. The Western Union office is to be moved from the ticket office of the H. & T. C. in a few days and then there will be no telegraphing in the depots.

Car hulls and meal. Phone Vick Bros.

## SERIOUS TRAIN CRASH IN MEXICO

Several Americans on Board But None Were Reported Injured.

(From Thursday's Daily)

Laredo, Texas, June 1.—Nine persons were killed and 35 injured Wednesday when a northbound passenger train on the Mexican Railway was in collision with a southbound freight train near Rodriguez, Mexico, 40 miles south of Nuevo Laredo. The killed were five trainmen and four passengers, all Mexicans. Several Americans were aboard the passenger train, but none were reported injured.

The collision, which occurred at daybreak, was caused by a misunderstanding of orders, it was stated in Nuevo Laredo last night. The passenger train, it is said, had orders to meet the freight at Rodriguez, but continued northward from Rodriguez, meeting the southbound train head on on a curve while both were running at high speed.

The injured, a few of whom are seriously hurt, were brought to Nuevo Laredo last night. The bodies of the dead were left at Rodriguez.

The engineer of the passenger train, on whom responsibility for the accident is placed, is alive, but his condition is serious, one of his legs having been torn off.

## DR. WAITE TO DIE IN ELECTRIC CHAIR

To Pay Penalty for Crime of Murder During Week Beginning July 10.

(From Thursday's Daily)

New York, June 1.—Dr. Arthur Warren Waite was sentenced to die in the electric chair during the week of July 10 for the murder of his father-in-law, John E. Peck, of which he was convicted this week.

## FUNSTON FEELS NO UNEASINESS

Not Alarmed at Concentration of Mexican Troops in Chihuahua and Sonora.

(From Friday's Daily)

(By Associated Press)

Washington, June 2.—General Funston feels no uneasiness, Secretary of War Baker said today, over the concentration of Carranza troops in northern Chihuahua and Sonora, after the secretary of war had made public General Funston's report of the disposition of Mexican soldiers in the territory and Americans are now occupying. Secretary Baker said General Funston told him they were being disposed of for an apparently active campaign against bandits over a territory extending five hundred miles from Madera to Ojinaga.

## CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work.

There's no reason why a person should take sickening, salivating calomel when 50c buys a large bottle of Dodson's Liver Tone, because it is perfectly harmless.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tone—a perfect substitute for calomel.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

## No. 666

This is a prescription prepared especially for **MALARIA or CHILLS & FEVER**. Five or six doses will break any case, and if taken then as a tonic the fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

## SESSION CLOSED AT VILLA MARIA

Large Audience Charmed With Excellent Program Rendered on Wednesday Evening.

(From Thursday's Daily)

The graduation and commencement exercises last evening brought to a close another school year at Villa Maria, Ursuline Academy. The large crowd that took occasion to attend these exercises was well entertained by a very delightful program. The stage was banked in garlands of roses which was an ideal setting for the pretty picture formed by the two graduates, Miss Ruth Curry Lawlor and Sister Mary Aloysius, and the other students who took part in the program.

The numbers rendered by the young ladies of the music department showed the outcome of splendid training and diligent work on the part of the girls.

The little tots of the primary department played a most refreshing part in the evening's entertainment, when, with Miss Helen Hollick presiding at the piano, they danced with lithesome grace, "The Tarentella."

A most delightful tableau, "The Three Graces," well suited to the occasion, was rendered by the following cast: College girl, R. Lawlor; angel, Annie Amato; Faith, Kathleen Jacobs; Hope, Rose Sibley; Charity, H. Hollick. The angel, Annie Amato, bestowed upon the two young graduates the three choice virtues, Faith, Hope and Charity.

A well selected number by the choral class brought the exercises to a close.

Rev. Father Gleissner of St. Joseph's Catholic Church, conferred the medals, laurels and diplomas upon the two young graduates with some very impressive remarks.

The closing remarks by Dr. W. B. Bizzell, president of A. & M. College, on "A Woman's Sphere and Responsibilities," was very delightful and interesting.

Following is the program:

Polka Elegante.....I. V. Flagler  
H. Hollick, P. Hall, R. Lawlor, C. Smith, G. Wolton, G. Bethka.  
Valse Caprice.....Nawland  
Ruth Lawlor.

Tarantella.....Little Girls.

(a) Alone.....Dowsey  
(b) Angel's Serenade.....Broga  
Voice—Helen Hollick.  
Piano—Ruth Lawlor.  
Violin—Mildred Morris.

Mirthful Moments.....Englemann  
H. Hollick, M. Olsen, L. Cochran,  
M. Wolton, M. Sims, F. Wallace, G. Fickey.

The Three Graces:

College Girl.....R. Lawlor  
Angel.....Annie Amato  
Faith.....Kathleen Jacob  
Hope.....Rose Sibley  
Charity.....H. Hollick

(a) Les Farvadets.....  
.....E. Pente op. 12 No. 2  
(b) Kiniaiwak.....Wienawski  
Violin—Mildred Morris  
Piano—Helen Hollick.

Chorus.....Vocal Class

Conferring of diplomas, crowns and medals upon Sister Mary Aloysius Fahey, Ruth Curry Lawlor.

Valedictory—Ruth Lawlor.

Closing remarks—Dr. W. B. Bizzell.

## ONE REPUBLICAN DELEGATE DEAD

Contested Delegate From Oklahoma Died While His Contest Was Being Heard.

(From Saturday's Daily)

(By Associated Press.)

Chicago, June 3.—Case A. B. Wood, aged 75, of Mulhall, Okla., a contested delegate to the republican national convention, died at a hospital here today while the national committee was hearing his contest.

## WACO MAN FOUND DEAD.

(From Saturday's Daily)

Llano, Texas, June 3.—E. T. Dunken, a real estate dealer of Waco, was found dead yesterday morning two miles from Llano on the San Saba road. He was lying on his automobile cushion, stretched out on his back with a bullet hole through his forehead, an automatic pistol by his side with one chamber empty and a large touring car near him in the middle of the road.

Officers are making an investigation.

## INTEREST IN A. AND M. SUMMER SCHOOL

Course Will Include Work For Teachers' Certificates and Many Phases of Agriculture.

(From Friday's Daily)

All phases of agriculture, domestic science, manual training, primary methods and work required for all state teachers' certificates will be included in the work offered at the Rural Life School and Summer Normal to be held at the A. & M. College, June 16 to July 29.

This school is attracting special attention in the counties adjoining Brazos County and this interest has been quickened by the selection of a number of the teaching staff of the Summer Normal from towns adjacent.

W. D. Notley, superintendent of public schools at Brenham, will be the conductor of the normal, and will have work in physics and history. Hulon N. Anderson, superintendent of schools at Conroe, will have charge of instruction in science and mathematics. G. A. Pringle, superintendent of public instruction of Falls County, Marlin, also will have work in science, and Miss Hattie Matthews, primary supervisor at Navasota, will be in charge of primary methods instruction.

The college teaching staff will offer instruction in the agricultural subjects and in manual training, while Miss Cornelia Simpson, of the extension service, will have charge of the domestic science work.

The course has been so arranged that students, desiring to improve their knowledge in agriculture, domestic science, manual training, or any such feature, may do so and at the same time take work necessary to securing a certificate. In addition to the work described above instruction in cotton classing and marketing, military science and tactics, history of the United States army, and in physical training or a short course for those holding or desiring to secure positions as coaches in any or all branches of athletics will be offered.

The college equipment, libraries, laboratories, etc., will be open for the use of students. Meals will be served at the College mess hall and the barracks will be utilized for sleeping accommodations. Room and board for the six weeks will be \$30. The tuition fee for normal students will be \$5, for rural life students \$5, for cotton classing \$10, for deficient students \$7.50. An incidental fee of \$1 is the only other fee.

Amusement features are being arranged and plans are being made to bring lecturers of national reputation to the College for the summer months.

Farmers and those interested in rural life will find instruction to cover their every problem in the Rural Life School.

IKE ASHBURN,

Publicity Agent.

## NO GAP TO BE LEFT IN CITY PAVING

Two Live Wire Citizens Take Hold of Matter and Close Contract to Pave Anderson Street.

(From Thursday's Daily)

Being confronted with the fact that by not paving a certain block on Anderson Street, which is between Reed and Baylor streets, the movement which had been started to pave the residence streets in Bryan was receiving a hard blow, two enterprising citizens, namely George Brandon and David Reid, who own property in this block, took it upon themselves to get this block into the paved district while the good work was going on. These two gentlemen held a caucus of their own and devised a plan whereby they could get this block paved. After the plan was laid they went to work in earnest and Wednesday afternoon got a called meeting of the City Council and with the work they had accomplished themselves with the other property owners of this block, got the matter through the Council and everything was signed up so that now there will be no unsightly gap on West Anderson Street, but it will be paved all the way out.

Now these are the kind of men that make a live city; men who take things upon themselves and get up and do them. Mr. Brandon and Mr. Reid should have the congratulations of every live wire citizen in Bryan.

## NOTICE THIS.

I have 50 acres of land in Montgomery County—abstract deed. I wish to trade for a car. Write J. C. McLeod, North Zulch, Texas.

## SENATOR TILLMAN WANTS BIG NAVY

Will Head Fight in Senate to Enlarge Naval Bill as Passed by the House.

(From Saturday's Daily)

(By Associated Press.)

Washington, June 3.—Chairman Tillman of the senate naval committee said today that he would lead the fight in the senate to amend the naval appropriation bill to provide for six battle cruisers and two dreadnoughts instead of five battle cruisers, as provided for in the bill passed by the house yesterday.

## DISABLED DESTROYER.

Warrington Is Being Towed Into Boston Navy Yard.

(From Thursday's Daily)

Washington, June 1.—The torpedo boat destroyer Warrington was disabled Tuesday night by striking a submerged breakwater off Rockport, Mass. A message to the navy department Wednesday said the destroyer was being towed to the Boston navy yard. It is believed her propellers were injured.

## TO ENLARGE SUNDAY SCHOOL DEPT

Committee Appointed at Quarterly Conference to Investigate Enlargement of M. E. Church.

(From Friday's Daily)

The second quarterly conference was held by Presiding Elder E. L. Shettles of Navasota at the Methodist Church last Wednesday evening after prayer meeting. The reports of the various officers and committees showed the church to be in good condition. Ed Hall, W. J. Coulter and C. M. Bethany were elected as delegates to the District Conference which is to be held at Willis on July 5.

The crowded condition of the men's Sunday School department and the primary department was discussed and a motion was carried that a committee be appointed to devise ways and means, and to plan for the enlargement of these two departments and report back to the church. Following was the committee named: Ed Hall, E. W. Crenshaw, E. J. Jenkins, R. S. Webb, W. J. Coulter, J. B. Priddy, T. A. Adams, J. W. James and R. O. Allen.

## "Gets-It" for Corns, SURE as Sunrise!

Any Corn, With "Gets-It" on It, Is an Absolute "Goner!"

Yes, it's the simplest thing in the world to get rid of a corn,—when you use "Gets-It," the world's greatest corn-remover. Really, it's almost a pleasure to have corns just to see

"Gets-It" Puts Your Feet in Clover.

them come off with "Gets-It." It just loosens the corn from the true flesh, easily, and then makes it come "clean off." 48 hours ends corns for keeps. It makes the use of tape, corn-squeezing bandages, irritating salves, knives, scissors, and razors really look ridiculous. Get rid of those corns quickly, surely, painlessly,—just easily,—with "Gets-It." For warts and bunions, too. It's the 25th century way. "Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Bryan and recommended as the world's best corn remedy by M. H. James and the Smith Drug Company. E. J. Jenkins

## WHEN PARIS STARVED WHO WAS INHUMAN?

The blockade being maintained by Great Britain for the purpose of starving Germany into submission, has been widely discussed through the press, bringing out a wide range of opinion. Some have condemned the blockade in strong terms, some have sanctioned it, while others have treated it lightly, if not flippantly, by saying that "everything is fair in love and war." Adolph Cohen, in the New York Times, digs back into past history and justifies, or attempts to justify the present blockade by citing the practice of the same tactics by Germany in 1870 and 1871. Mr. Cohen says:

"Your editorial article, in the Times of May 6, on the subject of Germany's answer to the American note, contains a very apt reference to the starvation policy followed by Germany during the siege of Paris in 1870-71. But, perhaps, it will be just as well for the American public, in view of Germany's appeal against what she calls England's inhumanity, to know exactly what this policy meant and what its consequences actually were for the defeated party.

"In 1870 the average weekly death rate in Paris was below 800. During the last week of the siege—that is, during the fourth week of January, 1871—the number of deaths in the civilian population rose to nearly 5000. This means that more than 4000 people in one week died, if not actually from starvation, at least because, weakened as they were by insufficient nourishment, they had become unable to withstand the onslaught of disease.

"It is next to impossible to find in France any person that was born in Paris during that siege—that is, between September 17, 1870, and January 27, 1871—simply because the poor little things born there during that period came to life so weak and received such poor sustenance that nearly every one of them died in infancy.

"At the beginning of November, 1870, there occurred a lull in the fighting. The neutral powers of Europe had secured Germany's consent to an armistice as a preliminary to the opening of negotiations for peace. The French government thereupon put forward a very moderate and reasonable request, that while the armistice lasted a small amount of food should be allowed to enter the besieged city, so that if negotiations failed it should not find itself in worse condition than at the time of their inception. This was flatly refused by Germany and fighting was resumed.

"During the whole period of the siege, which lasted 132 days, the French lines were not once attacked by the Germans, who relied solely upon starvation for the reduction of the French capital."

The appeal from President Waldrop of the Commercial Club, which will be found in this issue, is timely and to the point. Every person in the city should spend at least a part of this week in cleaning up their premises and making way with the unsightly weeds and grass. The stranger will be in our midst next week, and what is the impression he is to have made upon him of Bryan? Let's act at Mr. Waldrop's appeal and let the fact that Bryan is a clean little city be heralded to every corner of the State which is to be represented here during the A. & M. commencement.

Colonel Roosevelt will not attend the republican convention in Chicago. He will no doubt be, however, where the "S. O. S." call can reach him.

## SORRY FOR THE REPUBLICANS.

When the republicans meet next week in Chicago it is somewhat puzzling to know just what subjects they will select upon which to base their political thunder. Their old slogans—"idle factories," "empty dinner pails," and other such high sounding, but empty phrases, cannot be resorted to in this campaign for every factory in the North and East has orders ahead running far into next year and every dinner pail is full. The Waco Times-Herald in expressing its sympathy for our friends the enemy on this occasion says:

"It is a dismal outlook for our friends, the republicans, who are about to assemble in Chicago and speak the words to be employed during the campaign. All the great industries are fully employed with orders on their books for many months. A good deal of the steel business is for delivery in the first quarter of next year. The textile mills are too busy to mind it if there is some falling off in new orders. Some of the boot and shoe factories will be too busy to shut down as usual for a part of the hot weather. In some lines—not by any means in all—there is evidence that prices have advanced as far as they can, and the result is believed to be a welcome condition. There is no indication of decreased consumption; the volume of trade is very large, and all the prospects are excellent.

## CULBERSON'S HEALTH.

Much is being said just now about the state of Mr. Culbertson's health. And why should that be a subject for discussion?

Mr. Culbertson is in his seat in the senate and votes at every roll call.

Mr. Culbertson has presided over the hearings in the case of Brandeis. As far as we can see, Mr. Culbertson is, in the language of the street, on to his job.

What's the occasion for discussing the state of his health?—Waco Times-Herald.

The question of whether or not the state democratic executive committee has the power to assess the candidates of a county to pay the expenses of the run-off or second senatorial primary, is being tested at Fort Worth. On appeal from the Fort Worth court, the case goes direct to the State Supreme Court and a decision will no doubt be handed down at an early date. The unjustness of such law is apparent to all and should be wiped off the statute books. The county and precinct candidates have nothing to do with the second senatorial primary and should not be forced to pay the expense of same. It would be simply impossible for the two senatorial candidates who go before the second primary to pay all the expenses, and for that reason the law should be repealed.

The president has said our troops will stay in Mexico until the Carranza forces have proven their ability to protect the American border. Carranza has the flower of his army distributed through northern Mexico. Will he use them in driving the Americans out or the bandits out? There is no one at all acquainted with the situation, who doubts for a moment that they were stationed in northern Mexico to use against the Americans if necessary. It all hinges on whether or not Carranza believes the time has yet come to strike. General Pershing is expecting him to attack and in addition to the strictest possible vigilance, is keeping his forces posted to the best possible advantage.

The settlement yesterday afternoon of the controversy between the City of Bryan and the H. & T. C. Railway is something to be appreciated by everybody. The interests of the city are the interests of the railroad and vice versa. This settlement is due to the city having men with good counsel at its head who could meet men with good counsel from the H. & T. C.

## JUDGE GEORGE CLARK.

Of late years Judge George Clark of Waco has largely dropped from public notice, caused by his declining years. Twenty years ago his name was a household word in Texas, and while he never caught the public ear in politics as did James Stephen Hogg, Joe Sayers, John H. Reagan, the elder Culbertson and other great commoners, still he was a giant in the affairs of state, and all friends and foes alike, had the profoundest respect for his superb attainments and great ability. The following tribute to Judge Clark in his old age, recently published by the Waco Tribune, will be of interest to all:

"This anniversary gives the Tribune opportunity to refer to a citizen of Waco who has been eminently valuable to city and state. In 1896, twenty-one years ago, George Clark was here as he is today. He was in the zenith of his career as a truly great lawyer. He had sat as a justice of the highest court of the state. He had achieved prestige in public life, for he and Waller Baker had just reunited the warring factions of Texas democracy. He had, as a lawyer, made the profession even more honorable. As a private citizen he had been loyal and generous to this city, when he came as a young man, from four years of bravest service under Lee. Now, twenty years older in the calm evening of life, rich in experience and sound judgment, with a career that is full of honor and usefulness, George Clark is still with us, honored and beloved by those with whom he had dwelt in measure that rarely comes to men. Great lawyer, even greater and learned judge, useful and patriotic citizen, loyal friend and with a heart as tender as a woman's. That is George Clark. We are sure that in this tendering to him, out of so many well worthy of honor and love, to voice community sentiment, we utter words that will find cordial echo in the hearts of all who know him.

## MENACE TO HEALTH.

A weed cutting campaign is in order as on some vacant lots and unoccupied residence lots they are becoming a nuisance to public health and comfort.—Hillsboro Mirror.

You are correct, Brother Wedemeyer in most every word you have said, and we say Amen about the vacant lots, but in Bryan we have no vacant residences.

Get up early, cut the weeds and you will have a good appetite for breakfast.

Now that the editor is gone, we would suggest to his friends that his assistant eats roasting ears himself.

Street paving in the residence district is now well under way in Bryan and our prediction is that before this movement is stopped you will find one of the best paved cities in Texas.

Weed cutting campaigns have been inaugurated all over Texas. This was suggested yesterday in The Eagle by Mr. Waldrop, of the Commercial Association, and unless his appeal is adhered to we shall put the campaign on here in Bryan.

The editor of the Denton Record Chronicle is complaining about not having any chicken to eat. He says they are all being shipped away. Brother Edwards, you ought to move to Bryan where the editor gets one of the flock brought to town to sell just because the farmer knows he likes chicken.

With two two-story buildings under construction and plans for two three-story buildings being drawn, it would suggest that good times are returning to Bryan despite the fact that the Brazos River has washed away our most valuable asset for the past three years. If you can not build a building, go around and congratulate the man who can.

This will no doubt be sweet music to poor old Jones, the fellow who pays the freight: According to Secretary of the Treasury McAdoo, the U. S. government revenues are about \$75,000,000 ahead of expectations. Receipts for the fiscal year ending June 30, will show a balance of \$13,500,000 in the treasury instead of \$62,000,000 deficit as forecasted last December.

With an offer of 12 cents per pound on contract for cotton delivered this fall, and chickens bringing 25 cents to 50 cents apiece, and everything to eat bringing a good price, farmers of the Mart country have no need to worry over the prospects at present.—Mart Herald.

Same way here, Brother Spencer, except we have no 25-cent chickens. Our chickens range in price from 50 to 90 cents. We also have the opportunity to contract our cotton at 12 cents for fall delivery and our cottonseed at \$30 a ton.

## ROOSEVELT FAVORS LEONARD WOOD

Bull Moose Leader Would Put Another Than Hughes Up to Head Ticket.

(By Associated Press.)

Oyster Bay, June 6.—Colonel Roosevelt told visitors today that he favored the nomination of General Leonard Wood as a solution to the Chicago situation. He said that he would work for him, as he was a candidate who was "thoroughly United States."

## ALLEGED SWINDLER BEHIND THE BARS.

(From Monday's Daily)

Raymond LeRoy Cartadellar, alias Raymond LeRoy, alias John Palm, who has for the past three months conducted a garage on Main Street, known as the Central Garage, was arrested in Houston Saturday by officers of Harris County for Sheriff T. C. Nunn of Brazos County, who went to Houston yesterday and brought him here last night. It is alleged that the gentleman with the three names gave a number of bogus checks here in Bryan the latter part of last week and obtained money on several of them. He seemed to be preparing for the stunt that he pulled off for several days, as he had his household goods packed and on Friday night shipped them to Houston in the name of John Palm. The checks he wrote had the name of Raymond LeRoy signed to them and he gave his name in Houston as Cartadellas. Since returning here with the sheriff, he made a statement to County Attorney Bethea in which he says that the reason he signed the checks as he did was because he had such a long name that he did not care to write it in full. Checks aggregating a good big sum have been placed in the hands of the officers and as soon as the balance can be gotten hold of complaints will be filed.

## A BEAUTIFUL MORNING SERVICE.

(From Monday's Daily)

Saturday morning, June 3, at 8:30, the marriage of Mr. Felix E. Mistrot, Jr., of Dallas, and Miss Grace Hill Robinson of Waco was consummated at the Church of the Assumption, Very Rev. Dean E. A. Kelly being the celebrant.

The altar had been beautifully arranged with flowers of the season by friends, and the bridal party formed a perfect picture as they gathered there.

Miss Cecile Mistrot, sister of the groom, in a white organdy hoop dress, and white Georgette sailor, preceded the bride, who entered upon the arm of her uncle, Frederick B. Robinson, and met them at the altar with his best man, Mr. Frank Garrett of Dallas.

The bride was never prettier than in the simple white taffeta and Georgette crepe wedding dress with a white French picture hat, carrying a white kid prayer book. She is the only daughter of Mrs. Virginia Grace Robinson, who has made Waco her home for a number of years, coming from Huntsville, Texas, and mother and daughter have made many warm friends during their sojourn here. Miss Hill graduated at the Waco high school a year ago, and is looked upon by all who know her as one of the prettiest and most charming girls in the universe.

Mr. Mistrot is the only son of Mr. and Mrs. Felix E. Mistrot of Bryan, Texas, and is a young man of high ideals and sterling worth, worthy in every way of the charming helpmeet he has won. He is connected with an oil company at Dallas and is quite popular with his employers as well as all who know him. He is also a nephew of Hon. H. B. Mistrot of Waco.

The music for the marriage was directed by Mrs. John Miller and completed the beautiful service of the Catholic Church. The wedding was followed by a nuptial mass, after which the bridal party repaired to the Raleigh Hotel, where a specially prepared breakfast was served in the Gold Room. Numerous toasts and good wishes were tendered the happy couple.

Mr. and Mrs. Mistrot left for a short visit to San Antonio, the bride attractively costumed in a blue garbardine with hat to match.

Many handsome and useful presents attest the warm friends the young people have. Mr. Mistrot's associate employees of the Magnolia Oil Company, presenting him with a solid silver service, colonial design.—Waco Times-Herald.

## BANKERS MEET IN AMARILLO

Panhandle Bankers Meet to Discuss Matters of Vital Interest to This Section.

Amarillo, Texas, June 6.—The annual convention of the Panhandle Bankers' Association, composed of banking men of Northwest Texas, was opened today for a two-days' session. A large number are in attendance. Banking conditions, as affecting those operators in this portion of the State, are being fully discussed.

## A. &amp; M. WINS IN BIG SHOOT.

A. & M. marksmen took the scalps of the shooters from the University of Texas in the annual shoot, final results of which were received at the College Saturday. A. & M. men made a score of 792 as compared to a total of 740 by the University marksmen. This score was out of a possible 900.

Both teams lost good men from their rifle clubs by the mobilization of the National Guard. The Aggies lost their captain, C. M. Easley, and Jim Kendrick, one of their best marksmen. The University also lost two men. The score was low for a competitive shoot, A. & M. having beaten that record many times in practice shoots.

The Aggie team is composed of A. R. Hawkins, acting president; J. F. Ehler, W. T. Swink, O. S. Gray, C. B. Martin and J. V. Myer.

This week the A. & M. men will shoot for a record, this record to stand in the test with rifle teams from other military institutions of the United States.

## CLEAN UP FOR COMMENCEMENT.

Next week Bryan should be on her good behavior. Hundreds of visitors will be here from over the State and we want to make the best impression possible on them.

Get every one to clean up their premises, especially their front yards and on their street front. Don't wait for the city to cut the weeds in front of your house; be loyal to the town and let's all do our part. Bryan is on the up grade again now; let everybody give the old town a boost and good times will soon be back with us again.

A. M. WALDROP,  
President Commercial Club.

## A UNIQUE ENTERTAINMENT.

(From Monday's Daily)

The social meeting of the Westminster League of the Presbyterian Church, honoring Mr. and Mrs. C. M. Bell, held on Tuesday evening of last week, with Misses Esther and Edith Cavitt as hostesses, proved to be a very unique affair and was enthusiastically enjoyed by those present. The cleverness and originality of these young ladies found expression in many ways as they designed the evening's entertainment. Many of those present were among the "Jolly Bryan Crowd" who spent their vacation at Kerrville last summer, and who have been enthusiastic "boosters" ever since. Imagine their delight when, the guests having assembled, it was announced that all were to take a trip to Kerrville over the W. & R. W. Y. G. T. Railroad (Walk and Rest When You Get There Railroad.) Led by a flashing headlight the party marched in and out among the many trees which beautify the lawn, passing the stations in order until Kerrville was announced. ere, as we stopped the button was pressed which flashed on the many electric lights and revealed a miniature reproduction of Kerrville. Tents were pitched under the trees, while above them waved the familiar banner, "Camp Cavitt," the name of our Kerrville camp. Around the lawn were a number of amusements such as bowling, throwing at the "nigger babies," throwing the rings, etc. Turtle Creek was not left out and all fished for crawfish therein. After participating in several games dainty refreshments were served and soon the guests reluctantly left this scene of pleasure and good fellowship but not without having formed a stronger purpose to meet the "Bryan Crowd" at Kerrville in August.

The music for the marriage was directed by Mrs. John Miller and completed the beautiful service of the Catholic Church. The wedding was followed by a nuptial mass, after which the bridal party repaired to the Raleigh Hotel, where a specially prepared breakfast was served in the Gold Room. Numerous toasts and good wishes were tendered the happy couple.

Mr. and Mrs. Mistrot left for a short visit to San Antonio, the bride attractively costumed in a blue garbardine with hat to match.

## JUTLAND VICTORY MAY CAUSE TURN

English Press Shows No Sign of Pessimism According to Morning Papers.

(By Associated Press)  
(From Monday's Daily)

London, June 5.—The morning papers, with fuller details of the Jutland battle, show no signs of pessimism. The Morning Post says it was a "victory so momentous that it may mean the turning point in the war."

## ANNOUNCEMENTS.

The Eagle is authorized to make the following announcements, subject to the action of the July democratic primary:

FOR CONGRESS, SIXTH DISTRICT:  
RUFUS HARDY.  
(of Navarro County.)

FOR DISTRICT JUDGE:  
JUDGE JOHN WATSON.  
(of Cameron.)

FOR COUNTY SUPERINTENDENT:  
PROF. W. L. POWERS.

## NATIONAL GUARDSMEN DID NOT APPEAR

Court Called but the Militiamen Were Not on Hand to Be Tried.

(By Associated Press)

San Antonio, Texas, June 6.—Although court opened today, the trial of the Texas militiamen who refused to enter the federal service was delayed by the non-appearance of all those accused. It is impossible to say when the court martial will actually start.

## SAD MESSAGE RECEIVED.

Mrs. E. L. Beard received a message today from her brother, R. G. Tabor, Jr., from San Antonio, notifying her of the death of Elizabeth, the 11 months old baby girl of Mr. and Mrs. J. B. Gilmer, this morning at 2:55. The funeral will take place in Waco this afternoon. Mrs. Gilmer was formerly Miss Nell Tabor.

## TO THE PUBLIC.

The following voluntary private letter explains itself. E. R. Williams.

"I can truly wish you success as being the best qualified man in the race, and hereby give you liberty to use this statement among any whom you consider my friends.

"Your ripe scholarship was an inspiration to me, and I think you could be of much help to the teachers under your care. Yours sincerely,

"C. C. SCOTT."

University of Texas,  
June 1, 1916.

Mrs. Chas. Thomas of Wellborn was shopping in the city today.

Mrs. J. L. Hensarling of Wellborn is in the city visiting the family of Mr. and Mrs. Jesse Hensarling and other relatives.

## EXPRESS OFFICE NOT ADEQUATE.

(From Monday's Daily)

With the Western Union Telegraph office moved up town and all the other enterprises getting shaped up to give Bryan the appearance of a city, why cannot some one prevail upon the Wells Fargo Express people to give us a more up-to-date service by establishing an office at some convenient place in the business district? We have two railroads coming to the city and they both carry the Wells Fargo express. The business from one railway station has to be transferred to the other and when any one has to do business with our accommodating agent, Mr. F. E. Hood, they are forced to go across the railroad tracks and very often have to wait a long time for a freight train to get out of the way and in doing this it creates an unfriendly feeling for the express company. Another cause for the proposed change is the fact that the office now maintained by the Fargo people is in no wise suitable for the large amount of business they enjoy. It is not large enough, it is not convenient enough and the fact that it is located in the station suggests to us that we are living in a small country village. Who can get this change made?

HEARNE DEFEATS BRYAN.

(From Monday's Daily)

In a baseball game yesterday between the local baseball club and the Hearne nine, the latter defeated the home boys by a score of 5 to 2. The game was played at Hearne and was attended by quite a large bunch of fans from this city.

WELLBORN ITEMS.

R. S. Newsome returned to the Koppe farm from Houston Monday.

J. O. Alexander, of the Parker farm, went to Houston on business Monday.

A. G. Neely, Wellborn postmaster, was a visitor to Bryan Monday.

Dr. G. F. Lee was a business visitor Monday to Bryan.

George Price went to Bryan Monday on business.

Mr. and Mrs. F. J. Harrell and Mr. and Mrs. G. C. Royder went to Bryan Tuesday in an auto.

Mrs. Will Battle of Bryan is visiting her parents, Mr. and Mrs. A. W. Royder.

POPULAR EXCURSION TO GALVESTON VIA I. & G. N. RY., SATURDAY, JUNE 10. Tickets on sale for trains arriving Galveston on Saturday P. M., June 10, and Sunday A. A.; return limit Monday, June 13. For particulars, see ticket agent, I. & G. N. Ry.

## "BUSINESS AND PHILANTHROPY"

Layman McKnight Delivers Splendid Lecture at the First Baptist Church Sunday Evening.

(From Monday's Daily)

The lecture delivered at the First Baptist Church Sunday evening by Prof. H. L. McKnight, of the A. & M. College, was the first of a series of layman lectures or "sermons" to be given during the coming weeks by such distinguished men as Colonel Ousley, Dr. Bizzell, and others.

Prof. McKnight's subject for the evening was "Business and Philanthropy." He treated the subject in a masterly way, and was listened to with increasing interest throughout the discourse.

He impressed upon the minds of his hearers the fact that poverty is a disease that afflicts the entire social fabric, and not a particular class called the "poor." That if the audience received nothing more from the lecture, he desired them to ponder over this thought. He cited instances illustrative of the fact that this definition of poverty is gradually being accepted by all leaders in social reform. The time is coming when a man cannot live in peace and happiness when a great mass of human beings all around him are miserable and utterly unhappy. When he cannot close his eyes and selfishly enjoy his wealth while scores of his brothers are burdened with poverty and disease. When he cannot be satisfied so long as dissatisfaction and discontent are scattered broadcast over the land.

The best type of citizenship cannot be attained by one who is afflicted with hunger or disease; by one who is mentally or physically disabled. Hence, while some do not consider it in that light, it is a lamentable fact that whatever lowers the standard of citizenship of an individual, to a certain extent injures the entire community.

There is a vast difference between man's capacity to earn and his ability to collect. A man may do great things for the betterment of his day and generation. It may be that his earning capacity cannot be estimated even in millions; yet he may collect but little. His remuneration may be slight. On the other hand, some of the financial giants of the present day, while excellent collectors of wealth, are so occupied in that manner that they earn but little.

Many have a false idea of economy. When one speaks of economy, or the art of economizing, they at once think he is advocating so-called stinginess. They have no conception of the true definition of economy. An excellent definition is "plenty without waste."

The day is coming when waste will be looked upon in the same light as dishonesty.

Many societies are now operating for the relief of suffering humanity. Diseases heretofore considered incurable have been overcome by advanced knowledge and proper treatment. Tuberculosis is now known to be a curable disease. The ideas and principles lying at the foundation of these organizations for the benefit of humanity are gradually permeating the entire social fabric. The day is approaching when man will look upon every other man as his brother and worthy of his help.

All forms of evil tend to lower the standard of civilization. We should combat evil in any form in which we may encounter it. Many things in Bryan need to be corrected. The saloon of Bryan is a menace to the social life of the place. This institution is established in our midst today because of the indifference of church people and their failure to fight against it. Its death warrant, however, is being signed. It must go.

Love is the force that lifts all humanity. Christ went around doing good and ministering with loving kindness to all classes. His was not a life of creeds, but rather a life of deeds. The man serves God best who serves humanity most. I do not like a religion that causes one to wear a long, sour face. One should be optimistic and bright faced. Bear your burdens with a smile. Robert Louis Stevenson was a consumptive and spent a great part of his latter years in a struggle for the very breath of life, yet he was always cheerful and smiling. He was one of the most optimistic of writers.

After making a strong appeal for the co-operation of the people for the betterment of our own town and county, Prof. McKnight brought his discourse to a close with some appropriate quotations.

It's all right for a girl to hustle around for a husband, but after getting him he should do the hustling.

## A. AND M. COLLEGE COMMENCEMENT

Many Old Students Expected to attend Home Coming—Old Fashioned Barbecue for Alumni.

The fortieth commencement exercises of the A. & M. College of Texas will open formally Saturday, June 10, and will continue until Tuesday night. It is generally predicted that the ceremonies of graduation will be witnessed by a larger number of alumni and friends of the institution and students than ever has gathered at the College before. Plans for a reunion of the alumni and former students will bring together something like 400 of the "old guard."

The degree of B. S. will be conferred upon 120 students, two will receive their Master's degrees and 39 men will receive certificates for the completion of the two-year courses in agriculture and engineering.

The ceremonies will open Saturday afternoon at 3 o'clock with the individual competitive drill and this will be followed at 8 o'clock that night by the annual concert of the Glee Club. An informal reception will be tendered the visitors by the College officials and their wives at the Y. M. C. A. at 9:30 o'clock that night.

Sunday there will be guard mounting at 8 o'clock; inspection of quarters at 9; the commencement sermon at 10 by Rev. George S. Sexton, D. D., pastor of the First Methodist Church of Shreveport, La.; band concert at 4:30 p. m.; Butt's manual of arms drill by the Ross Volunteers at 5:30, and an address to the Young Men's Christian Association at 8 p. m. in the Y. M. C. A. chapel.

Monday morning at 7:30 guard mounting will open the day's exercises. At 9 o'clock a mammoth parade representing the various departments of the College will be staged. From 10 until noon the departments will be open for inspection. Monday will be Alumni Day, properly, and at 2 o'clock the annual business meeting of the association will be held in the Y. M. C. A. chapel. At 5 o'clock exhibition drills by the battalions will be featured and at 6 o'clock there will be a dress parade honoring the alumni. The alumni, also, will be the guests of the College at an old fashioned barbecue, which will be given at Dellwood Park, halfway between College and Bryan. At 8:15 o'clock there will be an oratorical contest between the seniors.

Tuesday is commencement day proper. Guard mounting at 7:30; exhibition drill by Ross Volunteers at 8:30, and commencement procession at 9:30 o'clock, are features preceding the commencement exercises which will be held at 10 o'clock. Dr. Raymond A. Pearson, president of the Iowa State College of Agriculture, will deliver the commencement address and Judge J. I. Guion of Balingier will present the diplomas to the graduates.

Graduating dress parade will be held in the afternoon and at night the final ball will be held, concluding the exercises.

AUTO TURNS TURTLE; ONE IS KILLED.

R. H. Behrnes of Copperas Cove Was Killed Sunday Morning.

(From Monday's Daily)

Brenham, Texas, June 5.—While driving an automobile on his way to Brenham to attend the commencement exercises of Blinn Memorial College, where two of his sons were students, R. H. Behrnes of Copperas Cove was killed instantly at 9 o'clock Sunday morning. His car ran into a hole in the road and was completely overturned. His head was caught in the wind shield and his neck broken.

The accident occurred near Prairie Hill about six miles north of Brenham. Mr. Behrnes, accompanied by his wife and little son and daughter, left their home at Copperas Cove Saturday night and had traveled the greater part of the night in order to reach Brenham Sunday morning. Mrs. Behrnes and children escaped uninjured except for a few slight bruises.

The body was brought to Brenham and sent to Copperas Cove Sunday. It was accompanied by his widow and children and by Rev. John Hierholzer, district superintendent of the German Methodist Church, and Rev. Wm. Buehrer, pastor of the German Methodist Church at Copperas Cove, a trustee of Blinn Memorial College, who had come here to attend commencement exercises. Two sons of the deceased, Louis and Ben, were students at Blinn College, the former being one of the graduates in the commercial department.

The average lazy man gets along so well in this old world that he encourages idleness in others.

## Honored in Its Home Town and Famed the World Over

FOR 59 years Anheuser-Busch have honestly brewed honest beers—the kind that has added to the temperance of Nations. Health, Strength and Vigor glow and sparkle in every bottle of BUDWEISER. # BRITISH LOSS NOT AS LARGE AS REPORTED

Later Reports From the Great Naval Battle Indicate the British Losses Were Not as Great as Reported and that the German Losses Were Greater. The Loss to Both Sides in Men and Ships Was Staggering. It is Reported the German Ships Took Refuge After the Battle in Danish Waters, That They Have Been Ordered to Leave and That the British Ships are Waiting for Them. No Change on Verdun Front. Two German Zeppelins Were Destroyed.

(From Saturday's Daily)

(By Associated Press.)  
London, June 3.—According to the latest accounts of the great naval engagement which was fought off Jutland Wednesday, the German losses included two battleships, one battle cruiser, one light cruiser and six destroyers sunk, two battle cruisers were damaged and three battleships were hit. This shows much larger German losses than were first reported. This served as a comfort to the people of Great Britain somewhat, although the British loss apparently remains unchanged. A tug boat arrived at Hook of Holland, this morning with eight of the crew of the Frauenlob, which sank ten minutes after being struck. Nothing of the fate of the remaining three hundred members of the crew has been learned. Captain William Hall, chief of the intelligence division of the admiralty, authorized the Associated Press to say that the German report of the loss of the Marlborough and Warspite was untrue, and that both ships are safe in harbor. The "British still control the North Sea."

According to estimates made here, which, in the absence of official figures can only be conjectural, the British losses in men must be somewhere in the neighborhood of 5000. A similar estimate of the German losses are at least between 2000 and 3000 men.

## STATEMENT MADE BY GERMANY.

(By Associated Press.)  
Berlin, June 3.—The full German high sea fleet which engaged the British fleet in the Jutland battle Wednesday was under the personal command of Vice Admiral Scheer, the energetic German commander who succeeded Admiral Von Pohl. The British fleet was estimated apparently as twice as strong in guns and ships as that of Scheer's. German commentators say that the Germans maintained the field after the battle, which was shown by the rescue of

## YOUNG MEN WISH TO BE HELPERS

Promoters of Young Men's Business League Say Purpose is to Help Older Organization.

(From Thursday's Daily)

At another meeting held last night by the promoters of a Young Men's Business League a few facts were brought out that surprised those present. The main point was the fact that some members of the Bryan and Brazos County Commercial Association took the matter of the new organization as a reflection on this body. Or at least that the new organization would be organized to pull against the old one. It was clearly demonstrated by all those present that this is not the idea of the young men in any sense. However, their idea is to get an organization which will be a help to the older one. It was proposed at the meeting last night that the young men get together and organize a separate and distinct club and either go in as an auxiliary of the Commercial Association or in some way be affiliated with them so that the young men here who have been neither contributing any funds or doing any work could get up and help to make a real live city out of Bryan. They expressed a desire to use the same club rooms, the same secretary and let all funds be kept together and that they be given certain lines of work to handle which might include some things that have heretofore been overlooked. The call has been issued for a meet-

ing tomorrow (Friday) night at the Carnegie Library for every young man in the city to be present and help form the organization, and it was unanimously decided last night that the members of the Commercial Association be present and help the young men to perfect their organization.

## War Summary.

(By Associated Press.)  
London, June 3.—In the course of repeated violent attacks on Fort Vaux on the Verdun front, east of the Meuse, the Germans penetrated a deep ditch north of the main French position. The interior of the works, the French war office announced today, is still held by the French. The Austro-Hungarian advance into Italy in Southern Tyrol is continuing unchecked, according to Friday's Vienna statement. The Austrians have captured several strategic positions in the Arziero district.

## Two Zeppelins Destroyed.

(By Associated Press.)  
Esbjerg, Denmark, June 3.—Two Zeppelin dirigibles were reported were reported by fishermen returning by fishermen returning to port today, to have been destroyed by one airship. All the crew is said to have perished.

## May Be Another Battle.

(By Associated Press.)  
London, June 3.—An unconfirmed report is in circulation that the German warships took refuge in Danish waters after the North Sea battle, and it is said they have been notified to leave within 24 hours, and that the British fleet is awaiting them.

## Captain and Crew Lost.

(By Associated Press.)  
London, June 3.—(Bulletin.)—The admiralty received a report today that Captain Provse, commander of the battle cruiser Queen Mary, and the entire personnel of that boat, numbering about one thousand, were lost. A wireless dispatch from Berlin says the German admiralty admits the loss of the dreadnought Westfalen.

ing tomorrow (Friday) night at the Carnegie Library for every young man in the city to be present and help form the organization, and it was unanimously decided last night that the members of the Commercial Association be present and help the young men to perfect their organization.

It is to be hoped that those members of the Bryan and Brazos County Commercial Association who conceived the idea heretofore mentioned will dispell same from their minds and that every member of the association will be present tomorrow night and help the young men to organize, as it will mean greater things for Bryan.

## WILSON, ON FOOT, TO LEAD PARADE

Declared He Will March in Patriotic Demonstration to Be Held in Washington June 14.

(From Friday's Daily)

Washington, June 2.—President Wilson, marching on foot, will lead the preparedness parade here Flag Day, June 14. Afterward he will review the procession and deliver a Flag Day address to the marchers.

When a local committee asked the president Thursday to review the parade he replied enthusiastically that he not only would review it, but would march in it.

Members of the president's cabinet and other officials probably will march with the president.

## PAVING EQUIPMENT ARRIVING DAILY

Machinery and Material Coming to Bryan on Nearly Every Local Freight Entering City.

(From Saturday's Daily)

Announcement was made this morning by Mr. Black, who has charge of the Stegall & Jarrett Company, who have the curb and gutter contract for the city street paving now under way, that practically all of their equipment is in the city. The last thing to arrive came this morning when two large concrete mixers came in over the I. & G. N. from Temple and a solid carload of steel forms from Kansas which will be used in the curb and gutter work. The Kaw Paving Company have everything in the city with which to do their work except the plant that makes the asphaltum to cover the streets and this machine is on the road. Practically every available spot in the city which is located near a railroad track is now in use for material and everything has a prosperous look to it.

One of the concrete machines received this morning by Stegall & Jarrett is for sidewalk building and Mr. Black stated that this firm expected to launch a campaign for walks and was going to lift the city out of the mud, and if they did nothing more than get a free mail delivery they would be satisfied with spending the time here that they expected to.

## EUGENE EDGE TO ERECT BUILDING

Three Story Reinforced Concrete Building to Be Erected on East Anderson Street.

(From Friday's Daily)

Announcement was made this morning by Mr. Eugene Edge of this city that he would erect a three story reinforced concrete building on a lot which he owns on East Anderson Street, located just west of the fire station. The building is to be the most modern in the city. It will have three full stories and basement, and will have an elevator service, which is a progressive step that has never been taken in the City of Bryan before. The plans for the new structure are now being prepared but Mr. Edge said that he was not in a position to give out the occupants for the new building. However, it is understood the two upper floors will be fitted up for office purposes.

This step taken by Mr. Edge is an indisputable evidence that Bryan is fast growing to be a city. The location of the new building is ideal for its purpose, as it is right between the County Court House and the Federal Building, and is centrally located in the heart of the business district.

Mr. Edge is a man who has all confidence in Bryan and is a good booster for all new enterprises. Let the good work continue.

## GOOD CITIZEN LEAVING.

(From Thursday's Daily)

Claude M. Bell, who for the past eight years has conducted a grocery business in this city, on last night at 6 o'clock closed his doors and quit the grocery business, he says, for good. The stock is to be sold just as soon as possible to some one who will re-open same. Mr. Bell will leave next Monday for Brownwood, where he will be associated with Burt Norwood, formerly of Bryan, in the dry goods business in that city. It is with a sad feeling that The Eagle announces the loss of Claude M. Bell and his wife as citizens of Bryan. He as well as Mrs. Bell are people that everybody liked and their loss to the community will be felt. The best wishes of this paper and their unlimited number of friends go with them to their new home. Mrs. Bell will remain here for a few days until Mr. Bell can make arrangements for a house in Brownwood, when she will join him.

## AFTER 54 YEARS.

Veteran in Dallas Parade Held the American Flag Again.

(From Thursday's Daily)

Dallas, Texas, June 1.—Major J. A. Bradfield, 72, Confederate veteran, marched in the Dallas preparedness parade here yesterday, carrying, according to his own statement, the first United States flag he had held in his hands since 1862, during the war between the States.

"That was at Gaines Mills, Va., he said, when he pulled 'the Yankee standard' away from a Union soldier. 'Why didn't you keep it?' he was asked.

"I was too busy doing other things," he replied.

## WEATHER BULLETIN

Washington, D. C., June 3.—Last bulletin gave forecasts of disturbances to cross continent June 2 to 6 and 8 to 12; warm waves June 1 to 5 and 7 to 11; cool waves 4 to 8 and 10 to 14. These storms will develop greater than usual force. First one will be a severe storm and cause heavy rains. Temperatures will average higher than usual. These two weeks will bring good crop weather and the crops, with only a few exceptions, will make rapid growths. The storms will be at their greatest force not far from June 10. Heavy rains are expected in parts of the southern states and more than usual rain in Mexico and Central America.

Rains of June will be less than usual in some of the northern sections east of the Rockies. Near the Mexican Gulf and in Mexico and Central America, excessive rains are expected in June; immensely heavy during the week centering on June 24.

Next warm wave will reach Vancouver about June 13, and, after raising temperatures all along the Pacific slope, will turn eastward, crossing the Rocky ridge by close of 14, planes sections and meridian 90 near 15, Great Lakes and Ohio valleys 16, eastern sections 17, Newfoundland 18. Storm wave will follow about one day after warm wave and cool wave about one day after storm wave.

A great fall in temperatures is expected to precede this warm wave and not very high temperatures to accompany it. The week of these disturbances is expected to average cooler than usual. Most rains will be in southern states, Mexico and Central America. West coast of South America will get more than usual rains during that month. Don't plan any voyages during the week centering on June 23. That will be a week of great storms. We do not claim perfection in forecasting these great storms. When we do predict dangerous storms they usually occur but there are a few of those causes not yet worked out. The storms of May 20 were greater than expected. But we are making rapid progress.

We challenge all who are skeptical about weather forecasting to make a test of our forecasts for July as to dangerous storms. These will be the greatest storms of 1916. Their advance guard will put in some dangerous and destructive work during the week centering on June 23. Then July 9, 13, 21 and 28 will be central days of five-day periods of very great storms. Some of these periods overlap others and each of them include very complicated electro-magnetic planetary forces. Friends of our forecasts are requested to challenge their skeptical neighbors to watch the results covered by these forecasts. If we have miscalculated we will apologize and if our critics are in error they should have the courage to acknowledge their mistakes. The U. S. Weather Bureau officials are invited to note this challenge.

## WILSON SIGNED THE ARMY BILL

(From Saturday's Daily)

(By Associated Press.)  
Washington, June 3.—(Bulletin.)—President Wilson today signed the army bill.

## Use Our Superb Toilet Requisites.

Our toilet soaps cleanse the skin without leaving an after irritation; our toilet waters and perfumes "hold" their delightful odors. Our brushes keep their bristles; the teeth in our combs do not snap off.

When you buy our toilet requisites you get the best and will ever afterward do all of your drug business with us.

M. H. JAMES  
WE TAKE CARE.

## PROGRESSIVES FAVOR ROOSEVELT

Influence of Party Leaders, It Is Declared, Will Be Used for the Colonel.

(From Saturday's Daily)

(By Associated Press.)  
Chicago, June 3.—The progressive party leaders, after conferring today, declared that it was their intention to use every influence to induce the republican national convention to nominate Colonel Roosevelt.

## BOWLING CONTEST.

(From Saturday's Daily)

A bowling contest last night at the Bryan bowling alley proved to be quite interesting after the game was well under way. The Fin Feathers gave the Outlaws a whipping to the tune of 217 points. However, their bowling was away off from the last match, and from what they generally bowl.

Following is the box score:

Fin Feathers—	1	2	3	Total
Nunn	158	148	180	486
S. Simpson	217	159	176	543
Martin	160	153	171	489
Gannon	158	146	170	474
Beckham	170	204	170	542
Totals	863	815	871	2534
Outlaws—	1	2	3	Total
Stephens	144	135	117	396
Smith	133	152	135	420
Operstony	201	145	190	536
R. Nunn	179	129	163	471
Daniels	177	168	169	494
Totals	834	729	774	2317

Now is the time to plant June corn, peanuts, black-eye peas, field peas, feterita, milo maize and peanuts. Phone Vick Bros.

## DEATH ROLL TO REACH TWENTY FIVE

Fire Chief Directing Rock Island Wreck Rescue Work Says 25 People Were Killed.

(From Saturday's Daily)

(By Associated Press.)  
Waterloo, Iowa, June 3.—Chief A. J. Dunham of the Waterloo fire department, who is directing the rescue work in the Rock Island passenger wreck near Packard yesterday, said the number of dead would reach 25.

## VISITORS COMING FROM MARLIN

(From Saturday's Daily)

A letter has been received from the Marlin Commercial Club by the secretary of the Bryan and Brazos County Commercial Association which states that it is the desire of that body to come to Bryan on Monday, June 5, about fifty strong to spend that night and return Tuesday. The trip is to be made by auto and their intention to bring several farmers from Fannin County for the purpose of having extension work of the A. & M. Co. explained to them. President Walker of the Commercial Association explained the matter up with this body personally and if the trip is arranged it is to be hoped that every county possible will be shown the visit not only because it is due them, but that they may carry away most favorable impressions of our little city.

## PURSUE ROBBERS WITH CAR

Missouri Posse Seeks Man Who Stole \$1500 From Bank.

Joplin, Mo., June 1.—The Bank at Neck City at Neck City, Mo., was robbed of \$1500 Wednesday afternoon by a man who locked Louis Hager, assistant cashier, in the vault, raked all the cash in sight and escaped in a motor car. The robber is being pursued by men in a score of automobiles.

We make a specialty of ginner receipts, checks, tags, etc. Write for prices or better still, call and see us.

## THE EAGLE PRINTING CO.

"We Print To Please"

# GERMANS DRIVEN BACK BEFORE DEAD MANS HILL

French are on the Offensive and Defeated the Germans in Attack on Dead Man's Hill. A Violent Bombardment Continues at Other Points. French Take German First Line Trenches. Austrian Leader Waited a Year to Make Telling Attack.

(By Associated Press.)

London, June 1.—The Germans were completely repulsed in an attack on French positions on Dead Man's Hill last night, according to the French official statement today. A violent bombardment was continued in this region throughout the night. An intense artillery duel is in progress on the east and west fronts at Douaumont. In an attack on the German positions south and east of Dead Man's Hill, the French obtained a foothold in the German first line trenches over a 400 meter line, Berlin announced today. The Germans made repeated assaults, but were beaten off at other points with losses.

## WAS BROUGHT BACK FROM MONTIVEDO

Former Clerk in Dallas Tax Collector's Office Brought Back to Texas For Trial.

(From Friday's Daily)

(By Associated Press.)

New York, June 2.—Clarence K. McGoun, formerly a clerk in the tax collector's office at Dallas, Texas, was brought here today from Montivideo by a detective to be taken back to Dallas, Texas.

Dallas, Texas, June 2.—Clarence K. McGoun, alleged tax defaulter from the Dallas city tax collector's office, brought back to the United States by city Detective Moffitt after extradition proceedings with Uruguay last spring, was expected to arrive in New York today, in custody of Dallas officers, to be brought here to face trial. McGoun and a companion were alleged to have absconded from Dallas early in February with \$10,000 in city funds. McGoun was a deputy collector.

Subsequent work of authorities in locating the two men has been regarded as one of the most prominent crime-detecting coups in the Southwest. The two men were traced to Rio Janeiro and later to Montivideo, Uruguay, where they were detained. Extradition papers were obtained from the state department at Washington, and an officer sent from Dallas to bring the men home. It was said in a report to Mayor Henry D. Lindsey of Dallas from the officer that only a small portion—less than \$500—remained of the original amount alleged to have been taken from the city. McGoun, it is claimed, stated to officers that he lost the bulk of the money in games of chance indulged in en route to South America, and at Rio Janeiro.

He was located in Montivideo after a searching inquiry over all South America, made by Dallas police officials and United States government authorities.

While in custody in Montivideo, McGoun made a complaint to the United States state department, through consular representatives, on the food he was receiving in prison. He said his three meals daily consisted principally of chili, with little else.

## JAMES J. HILL PASSED AWAY

Great Developer, Railroad Builder and Financial Called By Death.

(From Monday's Daily)

(By Associated Press.)

St. Paul, Minn., May 29.—James J. Hill, railroad builder, capitalist and most widely known figure of the Northwest, died at his residence today at 9:30, aged 78. He was unconscious nearly twelve hours before he died. No arrangements had been made today for the funeral. His death was caused by an infection due to bowel trouble from which he had been ill two weeks.

# ROCK ISLAND TRAIN IN FEARFUL WRECK

Bridge Collapsed and Two Are Known to Be Dead and Ten Injured.

(From Friday's Daily)

(By Associated Press.)

Packard, Ohio, June 2.—Two women are dead and ten are injured as a result of the collapse of a bridge over a creek near here under a Rock Island passenger train early today. In addition to the two dead, seven others are missing and believed to be dead.

May Be More Dead.

(By Associated Press.)

Marshalltown, Iowa, June 2.—A dispatch to local papers from the scene of the Rock Island wreck at Packard, Iowa, states that possibly a score of passengers lost their lives when the train plunged through a bridge. It is stated the dead will total at least fifteen. It seems this is imperative.

## CANNING AND PRE-SERVING BERRIES.

By Miss Bernice Carter, State Agent Home Demonstration Work, Extension Service, A. & M. College.

Blackberries and dewberries may be canned in such a way that they can hardly be detected from fresh berries. The following is the method to be used:

Assort and wash the berries carefully, taking precaution not to break them. Wash and sterilize quart jars by placing them in a vessel of water and allow to boil for at least ten minutes. Fill the jars with fresh berries, shaking them down gently so as to get the greatest number possible into the jars. Place the jars into the oven on an asbestos mat using a moderate oven. Let them remain from eight to ten minutes, or until the berries become heated. On top of the stove place a vessel of crushed berries and heat to boiling. Strain off the juice into a sauce pan and for every four cups of juice add one cup of sugar, bring to a boil and pour into the jar of heated berries, seal tightly and turn jar bottom side up on a table to cool. The boiling syrup gives sufficient heat to the berries to sterilize, yet they will retain their shape and firmness. They will also become permeated with the syrup and are ready for serving.

The following directions for preserving berries, taken from Bulletin A-51, will be helpful:

Practically the same methods are to be followed in preserving and making jams of all berries. Berries should be gathered in shallow trays or baskets and not in deep vessels which allow them to be bruised and crushed. They should be uniform, ripe and sound. Select only large, firm berries for preserving; those for jam may contain the smaller and broken ones. All berries should be carefully sorted and lightly washed by placing in a colander and pouring water over them rather than putting them into a pan of water.

To retain the best possible color and flavor, sirup for preserved berries should be made of a berry juice obtained by crushing, heating and straining the softer, broken berries. Add one pint of sugar to each pint of berry juice and allow to boil ten minutes. Weigh the choice, perfect berries after removing the cores or stems and allow one pound of sugar extra for each pound of whole berries. Add the extra sugar to the sirup, bring to a boil and skim. Remove from the fire and cool sirup before dropping the berries into it to prevent shriveling and toughening the fruit. Place over the fire and bring slowly to a boil and simmer until the berries are heated through, being very careful not to overcook; the berries should remain whole. Lift the berries from the sirup and place carefully into shallow pans. Pour sirup over them and allow to stand over night. Pack cold, filling the jar with berries, before pouring the sirup over them. Cap, process, and seal. The preserves may be packed hot, after removing from the fire, capped and processed immediately. The sirup in which berry preserves are packed should have density of 50 degrees and will often need to be boiled down to this density after removing berries.

## 23 PER CENT OF SUICIDE IN U. S. DUE TO ALCOHOL.

In the June American Magazine Dr. Edwin F. Bowers says: "According to the United States mortality reports, 23 per cent of the suicides in the United States are directly traceable to intemperance. Between 1900 and 1908, it is estimated, 11,986 alcohol addicts died by their own hands."

# NEW AUTO FIRM STARTS BUSINESS

Frank L. Webb Takes Over Half Interest in D. D. White Garage—New Firm Will Branch Out.

(From Thursday's Daily)

Frank L. Webb, for the past nine years connected with the firm of Webb Bros. Dry Goods, this morning launched out into a new field of work. This gentleman has purchased a one-half interest in the D. D. White garage on Mosley Street, and started in his new line of work this morning. The new firm will be styled White & Webb and it was announced by these gentlemen this morning that they expect to grow just as the City of Bryan grows. They have all faith in the future of Bryan, both are live wires and expect to at all times keep right in line with the demands here for everything in their line. They are going to carry a complete and full line of automobile tires and everything in the way of accessories that can be found in the larger cities. These gentlemen have the agency for the Overland and Paige cars and will carry a complete stock of extras for these machines and later they expect to take the agency for another high class car. They announce further that they expect to maintain a garage service that will be second to none from the standpoint of service. They are going to have a night as well as day service. They have some of the best mechanics in the state in their employ, and as business demands, they will add more.

A complete line of electrical supplies will also be carried. They have in their service men who are experts at house wiring and can contract any job brought them.

It is with pleasure The Eagle announces this new firm, as it shows progress for the town and marks another step which tends to show that Bryan is a growing little city. We bespeak for Mr. Webb success in his new field. He is one of our own boys, is a young man whose integrity is beyond question, and has shown that he is made of the right stuff to not only be a home boosting man but a man the other citizens of Bryan can point to with a feeling of pride, as he is a home product. He is a live wire and will be heard from not only in his own business but in all the activities of the city.

## A SCIENTIST'S PLEA FOR EARLY MARRIAGE.

In the June American Magazine Dr. Alexander Graham Bell, inventor of the telephone and now investigating the causes of old age, makes the following plea for early marriage:

"My investigation has convinced me that the opposition to early marriages is a very unwise thing, so far as longevity is concerned," he declares. "As a general rule, indeed a very general rule, the younger the parents the longer their children live. In my analysis of the longest and most reliable genealogy in New England, I found two cases of mothers who, being sixteen years old when their first-born came into the world, had children who lived to a tremendous old age."

## WISE AND OTHERWISE.

"I see where some physician declares that coffee is a factor in divorces." "Well, for anything going, grounds can always be found in coffee."—Baltimore American.

If our inward griefs were written on our brow, how many would be pitted who are now envied.—Metastasio.

"Looks like Flubdub is strong for preparedness." "How so?" "Saw him taking home a quart just now."—Louisville Courier-Journal.

The silence of the people is a lesson for kings.—Soanen.

"Are you a certified cook?" "Yes, sum. Here's my certificate." "But that's a marriage certificate." "Yes, sum. That certifies I've got to work."—Birmingham Age-Herald.

Faith and unfaith can ne'er be equal powers; Unfaith in aught is want of faith in all. —Tennyson.

Boulder—"I wonder why we see so many more artificial limbs nowadays than we did when we were boys." Rounder—"Oh, I suppose it's because we were not permitted to attend burlesque shows as often as we do now."—Indianapolis Star.

Baggs (at 1 a. m.)—"Don't you think you'd better go home to your wife?" Jaggs—"Not yet, o' fel." Le's have a few more. I don't want to be able t' unnerstan' what she says."—Boston Transcript.

# AMERICAN TROOPS ARE NOT TO BE WITHDRAWN

Will Remain in Mexico Says President Wilson Until the Carranza Forces Demonstrate Their Ability to Protect the Border. General Funston Says no Promise Made That no More Troops Would Cross Border.

(By Associated Press.)

Washington, June 1.—It was stated authoritatively today that the American troops will not be withdrawn from Mexico until the Carranza authorities demonstrate their ability to control the situation sufficient to protect the American border. A reply to that effect probably will be made to Carranza's note demanding withdrawal. President Wilson was represented today as being ready to withdraw the troops when possible, but is determined to wait until the Carranza forces can control the situation. The state department did not believe the note produced an urgent situation. A reply may not be sent for a week or ten days. Various inaccurate statements the note makes will be pointed out. The department of state has instructed Consul Dawson at Tampico to take up with Carranza officials the protest of American oil operators who allege oppressive and confiscatory decrees. The suggestion that European influence was behind Carranza's latest move, was renewed.

## General Funston Makes Denial.

(By Associated Press.)

San Antonio, Texas, June 1.—General Funston in a statement today denied that future crossing of the international line by American troops in pursuit of raiding Mexicans was discussed by the El Paso conferees. He also insisted that with the exception of a tentative agreement which Carranza would not ratify, no agreement was ever reached. He specifically denied that Obregon had been assured that no more Americans would be sent across the border. This statement was issued because of insinuations in the Carranza note last night.

# CASE GOES TO SUPREME COURT

Will Test Power of Committee to Assess Candidates for Run-off Primary.

(By Associated Press.)

Fort Worth, Texas, June 1.—An injunction restraining the state democratic executive committee from assessing local candidates to pay the expenses of the senatorial run-off primary was denied in the district court today. An appeal will be taken to the Supreme Court.

## GETTING DESIRED RESULTS.

The attention of a reporter for The Eagle was called yesterday to a large automobile which was standing in front of one of our best dry goods establishments, and one that is a big advertiser in this paper. After a little investigation it was found that the occupants of the car were from one of our neighboring towns and their purpose was to purchase high class dry goods and of course they came to the nearest city. All the back part of the car was filled with their purchases.

## PLACE YOUR ORDERS EARLY.

Plea Made in Behalf of Delivermen and Teams.

If the housewives and those ordering household supplies would be more thoughtful and considerate and order their supplies earlier in the day instead of late in the afternoon, they would save the merchant and tired clerks, delivermen and teams a great deal of unnecessary work.

Every merchant's wagons go over the same ground many times a day and many trips could be saved if all orders were placed with your merchant early in the day.

The habit of ordering late in the afternoon, causing tired delivermen and teams to work after they are supposed to go home and rest, is an imposition on them. While they appreciate your business, yet always remember in ordering late that had you placed your order earlier it would have been delivered without that extra trip when the wagon passed your house an hour before.

Get the habit of ordering early and you will be a burden lifter even though it be the tired delivermen and horses. Clerk.

## POSTAL RECEIPTS SHOW A LARGE INCREASE.

Postmaster J. E. Astin Announces That Increase Over Last May Is Large.

(From Thursday's Daily)

According to figures of record which were compiled this morning by Postmaster J. E. Astin, it is shown the postoffice receipts in the City of Bryan for May were \$478.10 more than for last May. This is the largest increase shown for this month in many years. The receipts for 1915 were \$984.53 and for this year they were \$1452.63.

# FREE MAIL DELIVERY A GOOD ASSET

Only Obstacle in Way of This Enterprise Is Lack of Sidewalks—Demand Is Most Imperative.

(From Thursday's Daily)

As you can see from the receipts which are published in another column of today's Eagle, the postoffice department is not losing any great amount of money in the City of Bryan. While talking to Assistant Postmaster T. A. Cloud this morning, he referred to several instances with reference to getting a free city delivery of mail in Bryan. One thing discussed was the fact that after moving into the new postoffice building the demand for boxes could not be supplied by any means, and of course this is caused in part by every one in the city having to come to the office to get their mail. With the population of Bryan it is more or less a shame that there are not about four city mail carriers. Mr. Cloud says that the receipts required by the government to obtain this free delivery were large enough over eight years ago, and that the population was large enough more than five years ago. The trouble is in just one thing, and is a matter that should appeal to the pride of every citizen of Bryan, and that is the lack of sidewalks. Now right here let me suggest that since the city is just going in to have its residence streets paved, and inasmuch as the men who carry the mail for Uncle Sam cannot walk in the streets, let us build sidewalks and get our mail brought to our doors. If they are paving in front of your property and you have not already a four-foot concrete walk, let the contractor at once and have same built. If they are not paving in front of your property, let a contract any way and when they do pave you will have this matter off your hands. Let's get the walks by all means, and then we can get the free mail service, as this is the only obstacle now in the way.

# MRS. COWLES ELECTED OVER MRS. SNEATH

Elected President of National Federation of Women's Clubs—Against Admitting Negroes.

(By Associated Press.)

New York, June 1.—Mrs. Josiah Evans Cowles of Los Angeles, Calif., was elected president of the General Federation of Women's Clubs by a large majority, defeating Mrs. Samuel B. Sneath of Tiffin, Ohio. The vote, taken yesterday and announced today, showed Mrs. Cowles 1273, against 433 for Mrs. Sneath.

### Beautiful Lingerie Underwear and Silk Under Garments

Our stock of these most desirable garments is complete. We have never before shown such values and exclusive designs in Ladies under garments for warm weather demands. Every piece is as clean as when it came from the factory, not mussed or soiled or picked over.

An EXTRA SPECIAL DISCOUNT of 15 to 25 per cent will be applied to the entire stock, consisting of Envelope Chemise, gowns, petticoats, corset covers, drawers and silk garments.

### Buy All the Shoes You Will Need

NOT A PAIR OF SHOES RESERVED FROM OUR LARGE STOCK, all makes. LAIRD SCHOBBER, GRIFFIN WHITE, SELBY, MRS. KING, W. L. DOUGLAS, PAT COGAN and CRAWFORD included. Prices cut 10 to 40 per cent. Doubtless this seems strange to people familiar with the rapid advance in prices of leather, our reason for this loss, is sell them while they are new and fashionable and buy again.

### READY-TO-WEAR DEPARTMENT

This department is brimming full of the CRISP NEW THINGS for WOMEN and CHILDREN. HUNDREDS of pretty summer garments are subject to a merciless discount.
